

## Jodi Scholes Patreon Community, Step-by-Step Guide

1. Visit Jodi's Patreon page by going to <https://www.patreon.com/jodischoles>
2. Respond to the "18 years or older" prompt

3. If you already have a Patreon account, log in if your browser doesn't already remember your log in. To do so, click the "Log in" button on top right, and skip to Step 5. Otherwise, proceed Step 4 to create a Patreon account.

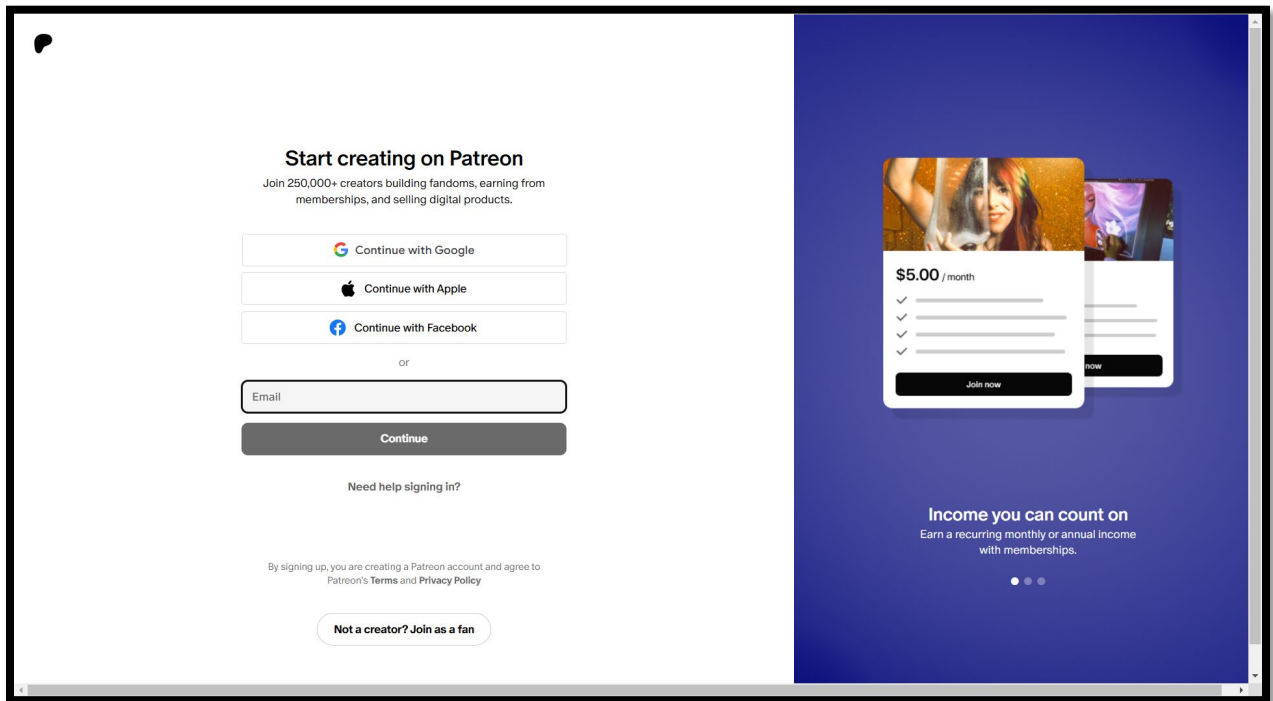

4. If you don't already have a Patreon account, then create one. Click on "Create on Patreon" on top right and follow the prompts.

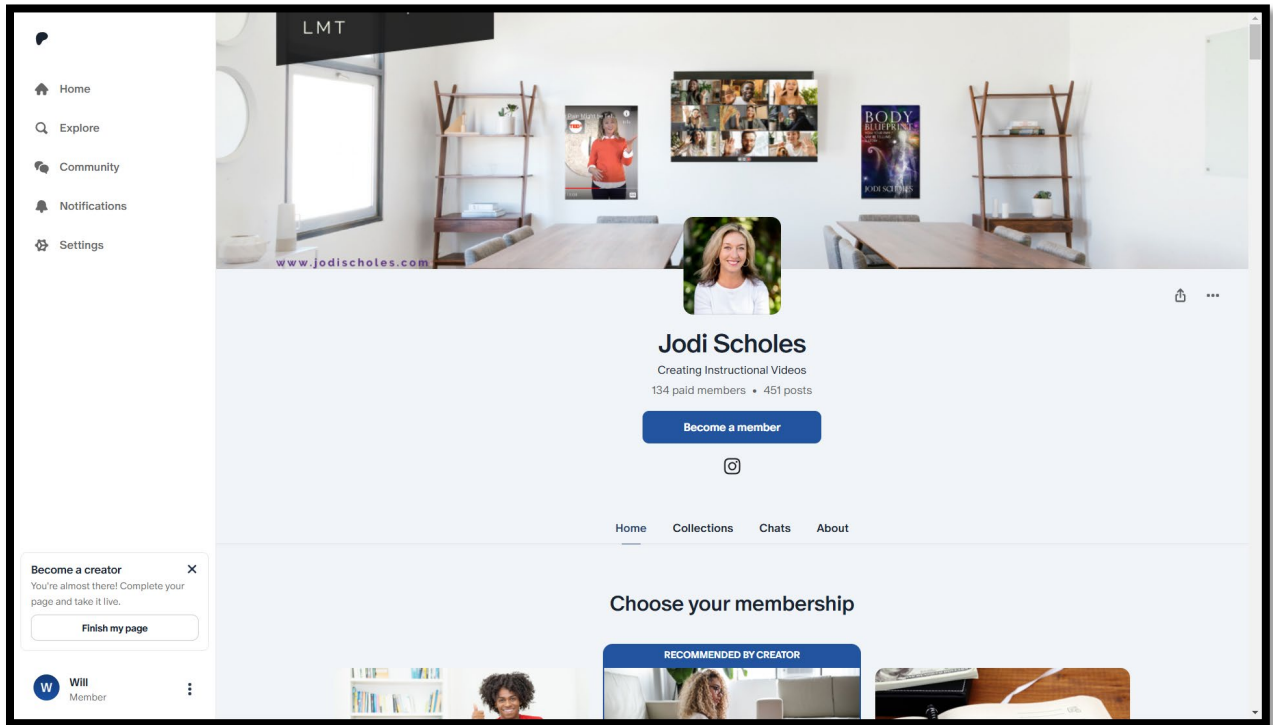

Note: you don't need to become a Patreon Creator if you don't want to do that and are only interested in Jodi's content! If so, don't choose any of the social media options and skip past any prompts that ask you to choose settings to be a Creator.

You can always change your mind later.

5. Once you're all logged in, you may have to return to Jodi's page by going to <https://www.patreon.com/jodischoles>.

6. At this point, you're ready to choose your level of membership for Jodi's exclusive content! Simply read the options and choose the one that best fits you.
